

## Index of City Council Candidates, 1917-2000

This is an alphabetical list of the names of persons who received three or more votes in a Davis City Council regular election. The year or years in which this happened follows each name. Years in bold type means the person won office in that election.

Write-in names of persons who apparently were not announced candidates and did not campaign are indicated by the notation "wi" following the year. Years in parenthesis are special elections.
